

# LG A275 Battery Replacement

This guide will teach you how to remove, and replace the battery.

Written By: Nicole

## INTRODUCTION

Make sure your device is powered down before we start this procedure. The battery is one of the most important components to keep, and replace.

## Step 1 — Battery

- Turn the phone upside down so that the bottom of the back is facing you.

## Step 2 — Remove cover

- Slide the back down towards you and remove the back cover. You should hear a slight click as the cover comes off.

## Step 3

- Gently remove the battery from the device.

To reassemble your device, follow these instructions in reverse order.
